**PETITION TO REVIVE AN UNINTENTIONALLY ABANDONED
INTERNATIONAL PATENT APPLICATION**

Sir:

Applicant hereby petitions the Commissioner to revive, under 37 C.F.R. § 1.137(b), the above referenced PCT patent application that became abandoned without the Applicant entering national stage in the U.S. The referenced application claims priority to July 1, 2002. The thirty-month period for entering national stage in the U.S. expired after Jan. 1, 2005. The Applicant entered national stage in other countries/regions, but inadvertently failed to enter national stage in the U.S. Applicant presents the following items with this Petition:

- U.S. National Stage Entry filing from PCT/IB2003/002088.
- A draft in the amount of \$3550 as provided under 37 C.F.R. 1.17(m) (petition fee, \$1500) and fees for entering national stage in the U.S. The Patent Office is

authorized to charge Deposit Account No. 50-1924 for any discrepancy between the amount due and the amount enclosed.

- Applicant hereby asserts that the entire delay from the date immediately prior to abandonment to the date of this Petition was unintentional. The reason for delay is detailed below.

Remarks

Consistent with our typical practice, the Applicant believed there was a patent application in the U.S. that was co-pending with the referenced PCT application, and that recited similar subject matter. The Applicant instructed the undersigned representative to enter national stage in certain countries, not including the U.S., prior to expiration of 30 months from the PCT priority date. The undersigned representative realized on Jan. 24, 2005 that there was in fact no co-pending application in the U.S. The Applicant hereby asserts that the entire delay was unintentional, from the date immediately prior to abandonment of the PCT Application without entry into national stage in the U.S., to the date of this Petition.

The Applicant's Request filed with the subject PCT application designated the U.S., in addition to other countries. By Notice dated Jan. 8, 2004, the International Bureau informed the Applicant that the subject PCT Application had been communicated to the U.S. The Applicant filed a Chapter II Demand with the IPEA/US on Jan. 26, 2004. An International Preliminary Examination Report was issued by the IPEA/US on April 2, 2004. The above indicate that the U.S. was a designated country continually from the filing of the subject PCT Application.

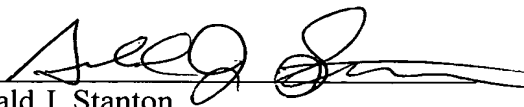

The Applicant submits herewith documentation for national stage entry in the U.S. from the subject PCT Application, if this petition is granted.

Applicant further submits an Information Disclosure Statement and PTO 1449 listing all references cited in related cases pending in the U.S.
